## SUMMER INTERNSHIP/ WORK EXPERIENCE

**Student, KL University**                                                                 **Jun 2022 - Jun 2022**

A group of students embarked on a village internship to develop a normal village into a smart village. Through research and collaboration, they identified key areas for improvement. They implemented sustainable solutions like solar energy, digital learning tools, telemedicine services, and connectivity infrastructure. The project empowered the community, improving education, healthcare, communication, and overall quality of life.

## PROJECTS

**Astrology website - Python full stack**                                                  **Jan 2023 - May 2023**

The Astrology project is a Python full-stack application that combines front-end technologies with back-end processing to deliver personalized astrological insights and horoscope predictions to its users.

## POSITION OF RESPONSIBILITY
